

A Trusted Leader in Third-Party Benefits Administration, Committed to Serving You

Total Administrative Services Corporation (TASC) is a national third-party administrator providing innovative outsourcing solutions for employee benefit programs since 1975. Our core focus is to develop and deliver the programs you need in order to afford valuable health benefits, reduce your taxes, and provide a superior benefits program for your employees.

At TASC, we aim to serve our Clients in a manner that is unique to the benefits industry with dedicated service, flexible benefit options, and cutting-edge technology. We help business owners of all types and sizes provide a wide range of employee benefits, including products for **Benefit Account Management** and employee **Separation of Services** -- all wrapped under an **Audit Guarantee** to ensure compliance for each and every Plan.

A Unique Level of Administration

TASC's ongoing commitment to your best interest sets us apart from the competition. That commitment includes:

A long-term, value-oriented approach. TASC is a family-owned business with roots in the rural Midwest. Since 1975, TASC has grown to a national administrative service company with annual revenue of 50 million dollars. But we continue our entrepreneurial spirit and genuine concern for our customers, employees, and representatives.

A commitment to low operating expenses. This keeps our fees low and makes our services affordable for employers excluded by other administrators.

Exceptional customer service. We offer a level of customer service that is unparalleled in the industry through excellence and efficiency. From the online MyService Center to our exclusive Audit Guarantee, TASC stands behind its services with visibility and accountability.

An endorsement of technology. Utilization of technologies like the Internet and mobile tools have created unrivaled accessibility and speed in which TASC delivers its services to the marketplace, while also improving the ease-of-use for our Clients and Participants.

Reliable and Sustainable Company Growth

As we head into the future, you can count on TASC's continued growth and innovations to raise the level of its services and stay ahead of the industry for ongoing customer satisfaction. ***It's a promise we can deliver.***
